EVIDENCE-BASED PERIODONTICS

Presenter:
Dr. Bryan Michalowicz

Friday, February 10, 2012
Minneapolis Airport Marriott
2020 American Blvd East
Bloomington, MN

Presenter: Dr. Bryan Michalowicz

Bryan Michalowicz is a Professor in the Division of Periodontology at the University of Minnesota School of Dentistry. He holds the Erwin Schaffer Chair in Periodontal Research and directs the Minnesota Oral Health Clinical Research Center.

Dr. Michalowicz received his DDS from Case Western Reserve University and his MS degree and clinical training in periodontics at the University of Minnesota. He has been involved in clinical research for 20 years, serving as principal or co-principal investigator on numerous National Institutes of Health (NIH) and industry-sponsored studies and trials.

Dr. Michalowicz is member of the American and International Associations of Dental Research, the American Dental Association (ADA), the American Academy of Periodontology (AAP) and the Task Force on Design and Analysis in Oral Health Research. He serves on the ADA's Council on Scientific Affairs and has twice received the AAP's Clinical Research Award. He is a diplomate of the American Board of Periodontology and maintains a part-time practice limited to periodontics.

- Beyond probing depth and bleeding on probing: Can clinicians better determine disease risk and prognosis?
- Recognition and treatment of peri-implantitis
- Use of adjunctive antibiotics in periodontics
- Can treatment of periodontitis improve general health?
- Evaluating new products in periodontics: Separating the hype from the facts
