This dental coverage is available only to members of Blue Cross Medicare supplement plans (such as Senior GoldSM) through an arrangement with Delta Dental of Minnesota. Delta Dental is the state's largest dental benefits administrator.

Additional coverage details

Coverage begins following premium payment

Your coverage will take effect on the first day of the month following the date Delta Dental receives your application and initial premium. The initial coverage period is for 12 months, regardless of the terms, conditions and coverage period of your medical plan. Delta Dental guarantees not to change your premiums during those 12 months, and you agree to pay premiums on time for those 12 months.

Your effective dental coverage date may or may not coincide with your medical coverage date. Only dental treatments begun and completed while coverage is in force are eligible for benefits.

Enrollment and cancellation

Blue Cross Medicare supplement plan members may purchase the dental plan within 60 days of enrolling in a Blue Cross Medicare supplement health plan or between November 15 and December 31 each year. You must be a Minnesota resident at the time of your application.

You may cancel the Delta Dental plan within 30 days of enrolling, or at its renewal date, without cancelling your medical plan. However, once dental coverage is cancelled, you cannot re-enroll for two years.
