DELTA DENTAL OF MINNESOTA

As an AAA Minneapolis member, you know the value of planning ahead – whether it’s for a quick road trip or an extended vacation. Planning ahead for your dental coverage is also a smart move. AAA makes it easy and affordable.

With SingularDental® Options, offered exclusively to AAA Minneapolis members through a partnership with the state’s leading dental benefits provider, Delta Dental of Minnesota, you can take advantage of a dental plan that travels with you wherever you go. You’ll benefit from solid preventive and basic coverage to keep your oral health in great shape. And you’ll also have peace of mind knowing you won’t break the bank if you experience a dental emergency – whether you’re home or away.

**Plans start at just \$34.05 a month for single coverage.** We also offer plans for you together with your spouse/dependent and plans for family coverage.

### When does coverage begin?

Your coverage generally begins on the first day of the month following the date we receive your application, enrollment fee and initial premium. The initial coverage period is 12 months. You agree to pay premiums on time for 12 months. Only dental treatments you begin and complete while coverage is in force are eligible for benefits.

### For complete details, consult the Dental Benefit Plan Summary.

Only those services and supplies specifically listed in the Summary are covered under the plan, regardless of dental necessity. The Summary includes complete information regarding covered treatments, treatment frequencies, limitations, exclusions and conditions under which coverage may remain in force. You’ll receive the Summary with your welcome packet. If you decide this coverage is not for you, simply let us know within 10 days of receiving the Summary. We will promptly refund your paid premium and enrollment fee, and any claims incurred will not be paid.
