

Delta Dental PPOSM Plus Premier

DELTA DENTAL OF MINNESOTA

- Voluntary Network Program: **Dental Flex**
- Designed for groups of 5+ eligible employees
- Groups can pay all, some or none of the premium costs on behalf of employees

Voluntary benefits, comprehensive coverage

Dental Flex gives groups throughout Minnesota the flexibility to offer employees a comprehensive dental plan while controlling costs through the largest networks in the state, waiting periods, deductibles and annual maximum options. There are no minimum participation percentage requirements; only five employees need to enroll. Optional orthodontic coverage is available.

Sponsor a voluntary dental plan without contributing a dime

When a company sponsors a voluntary dental plan, employees have the freedom to decide for themselves whether they want to participate. Participating employees are responsible for paying the premium. They benefit from group rates, the simplicity of automatic payroll deduction and the tax advantage that comes from pre-tax premium contributions to a section 125 plan. The group also benefits when employees participate because it reduces its employer FICA contributions.

See any dentist or specialist

- Receive the strongest coverage and greatest savings at Delta Dental PPO network dentists, including 100% coverage for preventive care.
- When seeing Delta Dental Premier[®] network dentists, savings remain strong, but some coverage amounts are less than at Delta Dental PPO network dentists. When seeing non-network dentists, coverage is the same as the Delta Dental Premier network, although balance billing applies.

Advantages to seeing Delta Dental PPO or Delta Dental Premier network dentists include:

No balance billing – With a network dentist, members won't be billed for the difference between the actual procedure charge and what the plan allows. When members receive care from a non-network dentist, they are responsible for the balance of the bill.

No paperwork – When members use network dentists, there's no paperwork. Dentists bill us, and we pay them directly. Members choosing a non-network dentist may have to submit their own claim for covered expenses.

The largest networks in the state – and the nation

- The Delta Dental PPO network is one of the largest PPO networks statewide.
- Delta Dental Premier is easily the state's and country's largest network overall, with more than 80% of Minnesota dentists participating.
- Members have automatic emergency dental coverage when they travel internationally.

We set the standard for service

- We retain 98% of our customers year after year.
- We process the average claim in just over one day. Claim processing accuracy is almost 100%.
- We've received an "A" rating (Excellent) from A.M. Best for 14 straight years for our financial stability, among the highest-ranked dental plans in the country.
