Toothfully some good fun!

Tic - Tack - Tooth

Skip the boring Xs and Os – Play Tick-Tack-Tooth instead! Grab a partner and decide who will draw toothbrushes and who will draw teeth. The first person picks a box to draw their symbol in. Then, the second person gets to draw their symbol in an empty box. Whoever is first to get three symbols in a straight line wins!

You can win with a line going up and down, across or diagonal.
