2021 Pediatric Dental Essential Health Benefits

Certified, stand-alone pediatric dental plans for those under age 19

Pediatric dental coverage for dependents under age 19 is one of 10 Essential Health Benefits (EHBs) required under the federal Affordable Care Act (ACA). The pediatric dental requirement can be satisfied with the purchase of one of our certified, standalone dental plans. Delta Dental offers the nation's largest network of dental providers, delivering greater access to care and more cost savings.

Members who receive services from non-Delta Dental network dentists are covered at the same benefit levels as those who see Delta Dental PPO™ and Delta Dental Premier® network dentists. However, because non-Delta Dental network dentists are not under contractual obligation, they may balance bill members for the amount not reimbursed under the plan. Our rates include all applicable taxes and fees.

^{*}Maximum charge for 3 dependents under the age of 21. Dependent children 19 and older will be subject to the applicable adult rate.
